

# THE SUCCESS OF THE SOCIETY

## NEW YORK

Attracting wide attention, for the following reasons:

1st. The increase in the amount of insurance in 1889 was 66 per cent. over that of the previous year.

2d. New business in 1889 nearly equaled millions of dollars.

The ratios of payments for Death Claims and Expenses to amount at least are LOWER than those of the largest and largest Life Insurance Companies of New York; and the Ratios of Payments to Liabilities in the Provident Savings Life are LARGER, being \$206 for every \$100 of Liabilities, while in the three largest of the New York Companies the Ratios are as \$137, \$118 and \$108 to every \$100 of their Liabilities.

3d. Life Insurance at ACTUAL COST, which brings insurance within the reach of many heretofore unable to carry it.

4th. It never costs one-half the price charged for it in "Best Old Style Life Insurance," whose experience proves that the Receipts from their Policy-holders, while the balance was used

FOR SOMETHING ELSE besides insurance.

5th. Past experience shows that the better the plans of the Society are known, the greater its income becomes.

To know what these plans are, call at the Company's office in Greensboro, N. C., or on any of my Agents in the State.
